Compliance Requirements and Checklist for chemicals covered under CWC

COMPLIANCE REQUIREMENTS:-

Chemical Weapons Convention (CWC) is a universal non-discriminatory, multilateral, Disarmament Treaty that bans the development, production, acquisition, transfer, use and stockpile of all chemical weapons. India is party to the CWC.

The CWC Act, 2000 has been mainstreamed in India to give effect to the CWC and it has come into force on the 1st July, 2005.

Under section 12 of the CWC Act 2000 and Rule 9 of the CWC (Rules) 2016, all declarable facilities belonging to Schedule 2 & 3 categories and other chemical production facilities are required to submit their annual declarations in the prescribed formats prescribed under the Rule 9 of CWC (Rules) 2016.

Failure to comply with above provisions may lead to punishment under the CWC Act 2000, which may extend up to life imprisonment. The useful links on compliance requirements relating to filing of annual declarations are available on the website of NACWC.

Section 17 of the CWC Act 2000 lays down Export or Import to be made in accordance with Export and Import Policy: Section 17 of the CWC Act states that "No person shall export from, or import into, India a Toxic Chemical or Precursor listed in any of the Schedules 1 to 3 in the Annex on Chemicals to the Convention except in accordance with the provisions of the Export and Import Policy determined by the Central Government from time to time under the Foreign Trade (Development and Regulation) Act, 1992 and the Orders issued thereunder"

The Checklist with respect to group of chemicals/chemicals, included under Schedule 2 of the CWC and their respective thresholds is <u>Annexure-1(A)</u>.

The Checklist with respect to chemicals, included under Schedule 3of the CWC and their respective thresholds is Annexure-1(B).

The Checklist with respect to chemicals produced by Other Chemical Production Facilities (OCPF), which include Discrete Organic Chemicals (DOC) and Phosphorus, Sulphur, Fluorine (PSF) containing DOCs is placed as <u>Annexure-1(C)</u>.
