	<p>As per Agenda item no. 11.2 of the 409 RC meeting it was noted that 27 pesticides were recommended to be continued for use with the condition of submission of recommended studies and these pesticides were subjected to be reviewed. During 409th RC meeting it was also decided that the CRs of these pesticides shall be kept on hold till the decision of review becomes available.</p> <p>Indian pesticide industry is primarily dependent on import of technical's / intermediates/ raw material from China. Further with context to suspension of trade in China due to epidemic condition of corona virus, the business is stagnated in China. In order to review the availability of pesticides for the current <i>rabi</i> and ensuing <i>kharif</i> season, a meeting was called on 20.02.2020 by Agriculture Commissioner in DAC &FW with main associations (ACFI, PMFAI, CCFI, CLI etc) for discussion. It was appraised by the industry that raw material and technical inventory available is for 4-6 months for different products. Considering the global trade situation due to after effects of COVID-19, which may have some impact on pesticides trade and eventually availability of technical and formulations in the country, it was requested that the certificates kept on hold may also be released to cater the need of the pesticides without any interruption for the country.</p> <p>Presently large numbers of various category CRs are not being issued due to decision in the 409th RC meeting. This decision has created some ambiguity due to the fact that the CRs issued to previous registrants, prior to this RC decision, still can use CRs for import and manufactures of these pesticides (technical & formulations) whereas the applications processed later on and has impact of holding CRs due to the above RC decision lead to disparity. Since the issue for review of pesticides involve process which is likely to take time, therefore after indepth deliberation RC decided to allow issuance of CR's with a condition</p>

	that the CR's so issued and the CR's which have already been issued shall be subject to final outcome of the decision of review of pesticides by DAC&FW.
11.3	Determination of method of uniformity i.e. queues to be adopted by technical experts while scrutinizing applications received under various categories.
	<p>RC deliberated the agenda and determine a method of uniformity i.e. queue to be adopted by Technical Experts :</p> <ol style="list-style-type: none"> 1. Category wise list as maintained in the Secretariat of CIB&RC on the basis of date of submission of file/application should match with category wise order of application available with all concerned experts for initiation of the scrutiny of files. (eg. 9(3) TIM/FIM/ Endorsement including label expansion /TI/FI, 9(4)-TIM/FIM/ Endorsement including label expansion)/TI/FI. 2. Priority of application scrutiny to be decided by the Registration Committee (RC) considering requirement of the Country as well as Government directives. Otherwise the files shall be scrutinized uniformly from each category of lists prepared by Secretariat of CIB&RC and by all concerned experts. 3. The files which are found deficient by the concerned experts shall be kept in the category wise queue and as and when deficiency reply received from the applicant, it should be addressed on the basis of date of receipt of deficiency reply and file may be scrutinized accordingly. Unless a direction is received from the RC/DAC&FW for any priority. 4. Once the scrutiny of the file is completed by the expert, agenda should be prepared and kept for future reference. Expert will provide list of files which has been scrutinized and agenda prepared on weekly basis. 5. Status of queue for Category wise list maintained in Secretariat of CIB&RC shall be submitted by all concerned experts to Secretary CIB&RC on weekly basis (every 1st working day of the week) with status as complete /deficient/under scrutiny for all categories dealt by each expert and same list shall be updated every week.
11.4	Follow up action of the decision taken by RC in its 412th meeting held on 18.12.2019 (agenda item no. 11.2) complaint against Best Group of Companies.
	RC recalled its decision taken in its 412 th meeting vide agenda item no. 11.2 wherein the CRs were kept on hold as the matter was under investigation. RC also received the views of DAC&FW that the investigation in some matter and the issuance of the CRs both being the separate issues and accordingly, the RC may decide. RC deliberated the issues and observed that since the outcome of the investigation is awaited and therefore, it may not be appropriate to hold the issuance of CRs for already approved cases, accordingly, RC decided that the CRs for already approved cases should be issued as per procedure.
11.5	Re-constitution of the Sub-committee on Biocides (Protocol).
	RC deliberated and decided to replace Dr. Rajan, ADG (PP), ICAR as Chairman of the sub-committee on biocides (protocol) in place of Ms. Kamlesh Miglani who has superannuated recently.
