Non – Official Translation

Enclosed a circular of Ministry of Agriculture no. 516/1 dated September 22nd, 2025, regarding “prohibiting the registration and import of agricultural pesticides” containing the active ingredient Oxamyl, to preserve public health and environmental requirements while striving to achieve sound agricultural production.

1. It is prohibited to register any agricultural pesticide that contains the active ingredient Oxamyl.
2. It is prohibited to bring any agricultural pesticide that contains the active ingredient mentioned above, into the Lebanese territory immediately after the issuance of this decision for all companies importing and registering the substance, except for those who prove, by means of certified official documents, that a credit was opened or that the substance was shipped before the decision's issuance.
3. Companies holding licenses to sell agricultural medicines are permitted to trade in Oxamyl within the Lebanese territory until the expiration date of the substance, provided that the plant protection department at the Ministry of Agriculture is informed of the expired quantities within a maximum period of two months from its date and of the other quantities immediately after its expiration date.
