**PUBLIC NOTICE**

**Subject: Uploading/feeding of production data of pesticides into the CROP portal under the individual login ID of stake holders-reg.**

Attention is invited to the Public Notice dated 20.04.2026 and SMS communication dated 20.05.2026 & 02.06.2026 wherein all Technical/Formulation Manufacturers, Importers, Exporters, Pesticide Associations, and other stakeholders have been informed that a module has been developed and made "Go Live" in the CROP Portal under the individual login ID of all KYC-valid registrants for uploading/feeding production data of pesticide technicals as well as formulations under the "Production Data" section with effect from 16.04.2026.

Despite the above communications, it has been observed that the response from stakeholders has been limited, and the requisite information has not yet been furnished by a large number of registrants.

In view of the above, all concerned stakeholders are hereby again requested to submit details pertaining to the manufacture, import, and export of all pesticide technicals and formulations at CROP Portal as per registry of Product weekly/monthly at the earliest, if not already submitted.

All Stakeholders are requested to treat this matter as "Most Urgent".
