23.03.2026 को आयोजित 470 वी पंजीकरण समिति की बैठक के कार्यवृत

पंजीकरण समिति (आरसी) की 470 वीं बैठक 23.03.2026 को सुबह 10:30 बजे से पीपीए सचिवालय, डीपीपीक्यू एंड एस, फरीदाबाद में कृषि आयुक्त और पंजीकरण समिति के अध्यक्ष डॉ. पी.के. सिंह की अध्यक्षता में आयोजित की गई, जिसमें डीपीपीक्यूएस, फरीदाबाद के पौध संरक्षण सलाहकार डॉ. जे.पी. सिंह; एआईएनपी, पूसा, नई दिल्ली की परियोजना समन्वयक डॉ. वंदना त्रिपाठी और सीआईबी एवं आरसी के सचिव डॉ. सुभाष चंद उपस्थित थे। सीआईबी और आरसी सचिवालय के जिन विशेषज्ञों/अधिकारियों ने आरसी की सहायता के लिए भाग लिया, उनमें डॉ. वंदना सेठ, जेडी (रसायन विज्ञान); डॉ. के. एल. गुर्जर, जेडी (पीपी); श्री हरिओम मिगलानी, वरिष्ठ एलओ डॉ. स्नेहा पोटदार, डीडी (रसायन विज्ञान); डॉ. रानी साहू, डीडी (पैथोलॉजी विशेषज्ञ), डॉ. टी. सोनाई राजन, एडी (एंटो); डॉ. स्वाति सोम, सहायक निदेशक (चिकित्सा टोकसीकलोजी); श्री दुर्गा प्रसाद, एडी (पीपी); श्रीमती विनीता माहेश्वरी, पीपीओ (रसायन विज्ञान); श्री शाहिद खान, पीपीओ (रसायन विज्ञान); श्री पी.एस. खाती, पीपीओ (विष विज्ञान); श्रीमती एकता गुप्ता, पीपीओ (विष विज्ञान); श्री अनिल कुमार शांडिल्य, पीपीओ (रसायन विज्ञान)शामिल थे।

प्रारंभ में, अध्यक्ष ने सदस्यों का स्वागत किया और सीआईबी एवं आरसी के सचिव से विचार-विमर्श के लिए एजेंडा प्रस्तुत करने को कहा। आरसी द्वारा लिए गए निर्णय निम्नलिखित हैं:-

MINUTES OF THE 470th REGISTRATION COMMITTEE MEETING HELD ON 23.03.2026.

The 470th Meeting of the Registration Committee (RC) was held under the Chairmanship of Dr. P.K. Singh, Agriculture Commissioner & Chairman, Registration Committee on 23.03.2026 at 10:30 hrs onwards in PPA Secretariat, DPPQ&S, Faridabad wherein Dr. J. P. Singh, Plant Protection Advisor, DPPQS, Faridabad; Dr. Vandana Tripathy, Project Coordinator, AINP, Pusa, New Delhi and Dr. Subhash Chand, Secretary, CIB&RC attended the meeting. Experts/Officers from the Secretariat of CIB&RC who participated for assisting the RC were Dr. Vandana Seth, JD (Chem); Dr. K. L. Gurjar, JD (PP); Sh. Hariom Miglani, Sr. LO; Dr. Sneha Potdar, DD (Chem); Dr. Rani Sahoo, DD (Tox.), Dr. T. Sonai Rajan, AD (Ento.); Dr. Swati Som, Assistant Director (Medical Tox.); Sh. Durga Prasad AD (PP); Ms. Vineeta Maheshwari, PPO (Chem); Sh. Shahid Khan, PPO (Chem); Sh. P.S. Khati, PPO (Tox); Ms. Ekta Gupta, PPO (Tox); Sh. Anil Kumar Shandilya, PPO(Chem.). At the outset, Chairman welcomed the members and asked Secretary, CIB&RC to take up the agenda for deliberations. The decisions taken by the RC are as under:

Agenda item No.	**Particulars of Agenda**
1.0	**Confirmation of minutes of 469th RC meeting.**
	As no comments were received the MOM of the 490th meeting was confirmed.
2.0	**Presentation**

2.1	**Presentation by M/s Apex Health Care for consideration of an application of Endorsement of additional packing of Transfluthrin 0.15% Mosquito coil issued to M/s Apex Health Care Product u/s 9(4).**
	The applicant made a presentation on the issue and elaborated the studies submitted and their requirement in connection with the change of shape from round to straight and reduction of total length. The representative of the applicant shown the physical sample of the product. The Rc discussed the efficacy of the changed length and strait shape and observed that as there is no change in Chemical Composition, Raw material used, Burn Rate etc. It was observed there is change in shape of preliminary packing box, secondary pack, for which all data has been submitted, hence the case is approved for grant of endorsement of Transfluthrin 0.15% Mosquito coil to Transfluthrin 0.15% Mosquito stick.
2.2	**Presentation by M/s T. Stanes and company Ltd. regarding follow up action on Agenda Item No. 10.35 of 469th RC meeting.**
	The representatives of the applicant, M/s T. Stanes and Company Ltd., made a detailed presentation before the RC. After hearing the submissions of the applicant, RC observed that Citral and Geraniol are included in the Schedule to the Insecticides Act, 1968. In view of the same, both molecules shall be treated as integral components of the product. The concerned Expert informed that the present application is for grant of registration of Cymbopogan plant extract (containing 1% Geraniol min). It was further elaborated that Cymbopogan plant extract is rich in monoterpenes, specifically citral (α and β), geranial, neral, geraniol, citronellal, and myrcene. It also contains flavonoids, saponins, and phenolic compounds also. It was also observed that Citral has been included in the Schedule to the IA, 1968 vide notification No. S.O. 1854(E) dated 29th April, 2024. As the Citral has been included into the Schedule to the Insecticides Act 1968, hence guidelines of registration and data requirement is applicable. Therefore, the applicant is required to submit complete and updated data for Citral as per guidelines, including the percentage (% w/w) content of Citral in the Chemical Composition (CC) through a revised Form-I, along with Labels/Leaflets (L/Ls) and NJSP. The applicant shall also submit revised Product Specifications specifying the parameters of Citral and Method of Analysis (MOA). All such submissions shall be in accordance with the applicable guidelines and shall be treated as mandatory for further examination by the Registration Committee.
2.3	**Presentation by M/s Agro Life Science Corporation for consideration of application of Thiodicarb 50 % + Imidacloprid 5 % WDG u/s 9(3) FIM.**
	The Registration Committee deliberated on the presentation made by the applicant in the 470th RC meeting regarding the proposed formulation. As per the 469th RC minutes, the applicant was invited to make a presentation before the Registration Committee in the 470th meeting to justify the absolute necessity for registration of the proposed formulation. The applicant made the presentation before the Committee. After detailed deliberation, the Registration Committee observed that the applicant has not justified in the presentation that the proposed formulation is an absolute necessity for its registration in view of the recommendations of the Dr. C.D. Mayee Committee. The Committee further observed that the combination belongs to the red toxicity triangle category, whereas the individual formulations of each technical do not fall under the red triangle category. Both

	components are neurotoxicants, and the synergistic effect of the components appears evident. The Committee also noted that safer alternatives are available. The Committee was apprised that if a formulation is more toxic than its technical grade active ingredient, sub-acute toxicity studies are required as per the guidelines and decisions of the Registration Committee (449th RC). Further, the applicant requested to conduct the study again as per OECD 425; however, the Committee was of the view that repeating the study would not add any substantial outcome to the assessment. In view of the above, the Committee concluded that the proposed formulation is not justified for registration and therefore doesn't qualify for the consideration of grant of registration. Accordingly, the matter is disposed-of.
3.0	**<u>Government Business</u>**
3.1	**Order of Hon'ble appellate authority in appeal no. 12 of 2025 M/s. Drosera International Pvt. Ltd. vs CIB&RC. Fresh revision petition filed by CCFI vs CIB&RC. Representation of ACFI dated 25.02.2026 on the issues of data requirement for 9(3) TI New Source (467th & 468th RC meetings).**
	RC perused the agenda and observed that M/s Drosera International Pvt. Ltd. had filed an appeal against the guidelines for TI New Source issued by the RC in its 467th Meeting at agenda item no. 3.2 wherein it was alleged that the said guidelines *inter-alia* had adversely affected the appellants rights and legitimate expectations. It was also submitted before the appellate authority that the said guidelines were made applicable retrospectively which is not tenable in the eyes of law. The appellate authority after hearing the appellant and the CIB&RC, had found the appeal to be not admissible, recognizing that the power of the RC flows from section 5 of the Insecticide Act with respect to framing, reviewing and modifying the technical guidelines and therefore are not amenable to the Appellate jurisdiction u/s 10 of the Act. However, the liberty has been granted to the appellant to submit a representation before the RC highlighting its technical concerns/difficulties arising from the said guidelines and the RC may consider and examine the same in accordance with the Law and applicable regulatory framework. RC also perused an email communication dated 13.03.2026 received from Dr. Shilpa Arora Advocate, the counsel of the appellant. RC also perused the representation dated 25.02.2026 submitted by M/s ACFI wherein *inter-alia* it is stated that the certain scientific requirements pertaining to the shelf-life data, bio efficacy, toxicity may be dispensed with and the requirements as per 449th RC meeting be implemented in a balanced and scientifically justified manner. RC after detailed deliberation observed that the guidelines so formulated in its 467th meeting at agenda item no. 3.2 were subsequently modified in its 468th meeting, wherein the waiver has been granted to the livestock metabolism study and the RC is of the view that the requirements so laid down are scientifically and essentially required for the evaluations of safety and efficacy of the substance proposed to be registered under TI New Source and also these guidelines have been made more transparent and clear so that there may not exist any ambiguity in understanding the data requirements to be followed by the applicant. However certain correction in the guidelines as per scientific requirements are made. The revised guideline is attached as **Annexure 3.1.1**. The same shall be applicable from the date of publishing the minutes on the website. RC also observed that the requirements so laid down are not as such which are unable to be fulfilled by the applicant. In view of the above deliberation, the RC is of the considered view that the requirements laid down are reasonable and scientifically justified. RC is also of the view that data requirements are

	to be implemented prospectively and shall have no bearing on the existing applications submitted in CROP. Only information is required to be submitted by all the existing/pending applications, extra data required (than existing guidelines) in revised guidelines not to be submitted by the existing applicant. RC also perused the revision petition filled by M/s CCFI on the challenge of the RC decision taken in its 468th meeting at agenda item no 2.2 and agenda item no 1. RC notes that the hearing in the above revision petition has been notified for 06.04.2026 by the Hon'ble Authority. RC directs the concerned technical experts to adequately deal with the matter as appropriate and justified submissions may be made before the Hon'ble Revisional Authority. RC also desired that if any directions are issued by the Hon'ble Authority the same shall be placed before the RC for appropriate compliance.
3.2	**Consideration of decisions taken in 12th Open House Meeting with the Pesticides Association, Industries and Stake holders in CIPMC Auditorium, Dte. of PPQS, NH-4, Faridabad on 16.01.2026 at 10.30 hrs.**
	The detailed discussion took place on the MOM of 12th Open House Meeting agenda wise. The decision on the MOM of 12th Open House Meeting is attached as **Annexure 3.2.1**.
4.0	**Export Cases**
4.1	**List of files 9(3) export.**
	RC approved the cases as per the **Annexure-4.1.1** (General Export), **Annexure-4.1.2** (Fast Track Export) and **Annexure-4.1.3** (Star Export),
4.2	**Consideration of an application of Corteva Agriscience India Pvt. Ltd. for Fast track Export of Tiapyrachlor Technical 96 % min. u/s 9(3) Import for export-Fast track Export category (Import of technical for export of formulation).**
	RC deliberated the agenda and rejected the case.
4.3	**Consideration of the request of Saraswati Agrochemicals (India) Pvt. Ltd. for local purchase of Pencycuron Technical 97.5 % min. for indigenous manufacture of Pencycuron formulations for Export only u/s 9(3).**
	RC deliberated the agenda and approved the case subjected to submission of undertaking/affidavit that the whole quantity of technical material supplied shall be consumed in the manufacturing of the formulation of the product for export only and no part of the technical material or formulated products shall be released in India for sale or domestic consumption.
4.4	**Consideration of closure of application where Deficiency reply is awaited for more than two months for export in General Category-Regarding.**
	RC approved the cases as per the **Annexure-4.4.1**
4.5	**Consideration of closure of an application of Sumitomo Chemical India Ltd. for Fast track export of Glyphosate Technical 95 % min. u/s 9(3) Import for Export-Fast Track Export category (Import of Technical for export of formulation).**
	RC approved the closure of the case.
4.6	**Consideration of an application of M/s India Pesticides Ltd. for grant of permission for manufacture for Export (Star Export category) of Pethoxamid technical 97 % min. for pesticides not registered for use in the country and is for sole purpose of Export.**
	RC deliberated the agenda and approved the case.

4.7	**Consideration of an application of M/s India Pesticides Ltd. for grant of permission for manufacture for Export (Star Export category) of Pethoxamid 600 g/L for pesticides not registered for use in the country and is for sole purpose of Export.**
	RC deliberated the agenda and approved the case.
5.0	**9(3B) Cases**
5.1	**Consideration of an application of M/s ATGC Biotech Pvt. Ltd., for grant of registration for indigenous manufacture of Wax Formulation of E-11-HAD and E-11-HDL under section 9(3b).**
	RC deliberated the agenda and approved the grant of registration for indigenous manufacturing of Wax Formulation of E-11-HAD and E-11-HDL under section 9(3B) FIM of Insecticide Act, 1968 for the control of shoot and fruit borer (*Leucinodes orbonalis*) on brinjal crop only.

6.54	**Consideration of an application of M/s Agrow Allied Ventures Private Limited, for grant of registration for indigenous manufacture of Fluxametamide Technical 93.5% Min under section 9(3) TIM vs TI.**
	RC deliberated the agenda and also considered the representation received from the Office of the Hon'ble Minister of State for Agriculture and Farmers Welfare regarding reconsideration of the proposal for grant of registration to M/s Agro Allied Ventures Private Limited for manufacture of Fluxametamide Technical (93.5% w/w minimum) under Section 9(3) in the TIM vs TI category. RC was apprised that the representation, inter alia, raised concerns regarding alleged non-compliance with the TIM vs TI guidelines approved in the 359th RC meeting dated 02.11.2015. The issues highlighted included non-submission of complete stepwise manufacturing process from initial raw materials, possible clubbing of manufacturing steps, non-disclosure of raw materials, intermediates and their sources, absence of detailed flow sheet diagram from Step-I, and concerns regarding incomplete characterization of impurity profile. RC took note of the issues raised in the representation and deliberated upon the same in the context of the data submitted by the applicant and the provisions of the extant guidelines. After detailed deliberation and consideration of the representation, the concerned expert explained that the application is complete from chemistry angle as per the requirement of guidelines, hence RC approved the grant of registration for technical indigenous manufacture of Fluxametamide Technical (93.5% w/w minimum) under Section 9(3) [TIM vs TI], with a provisional shelf life of two years, based on the submission of Accelerated Storage Stability (ASS) data, in accordance with the 424th RC decision (Agenda Item No. 10.48). The applicant has to submit the real time shelf-life data as per existing guideline of RC within two and half years of submission of

8.2	**Compliance with 469th RC decision-submission of detailed and verified manufacturing address of the source from the overseas country and Geo tagging along with photographs in case of 9(4) TI/ FI applications.**
	The Registration Committee (RC) recalled its decision taken in the 469th RC meeting under Agenda Item No. 3.1, wherein the RC sought the geo-tagging details of the manufacturing location in the overseas country. The RC further observed that the geo-tagging details, duly legalized/apostilled by the competent authority of the respective country, may be considered as a proof along with a location map indicating the place where the manufacturing activities are carried out in that country. However, RC observed that the issues are further required to be looked into in-depth being pertaining to overseas countries *vis a vis* the issue related to the acceptance/approval of chemical composition etc. The RC directed the Secretary, CIB&RC that any case put-up to RC should be scientifically and legally justified. In view of above RC directs the concerned Experts to bring a detailed agenda clearly mentioning the earlier RC decision on the subject in consultation with the Senior Law Officer on the legal issues that may be involved.

10	**<u>Miscellaneous</u>**
10.1	**Consolidated Pendency Report relating applications for registration in CIB&RC**
	RC deliberated the agenda and discussed the pendency of applications. It was noticed that the shortage of manpower is the main bottleneck in reducing the pendency to zero level. It was also explained that the huge data is submitted by the applicants under relevant categories, the same needs to scrutinized which needs time and other scientific and technical resources also needs to be studied which requires time. RC expressed it satisfaction over the quantum of work disposed by the Secretariat of CIB&RC at the same time directed the Secretariat to ask the applicants to submit the data as per guidelines, hence minimum deficiencies may be raised, to enhance the scrutiny process.
10.2	**Pendency of application: Pending for more than 18 months that are deficient by one (1), two (2), and three (3) experts.**
	It was observed that there are 155 files pending in the Secretariat of CIB&RC which are older than 18 months in various categories. Therefore, RC desired that all the experts should make more concise and dedicated efforts to clear all these 155 applications on priority. It was also decided that the tox files which consumes longer period in scrutiny such as TI/FI, TIM/FIM first time registration etc. may be redistributed among the existing tox experts to clear all these files on top most priority preferably on or before 08th April 2026.

	RC also directed to get analyzed the PRV samples from CIL on priority for these applications, so pendency can be reduced to manageable level. It was further decided that a communication may be sent to CIL through PPA for doing the needful.
10.3	**Consideration for closer of application for registration u/s 9(3b)/9(3) of Bio-pesticides.**

	RC deliberated the agenda and approved for Import of sample Quantity of 360Kg 034903(Ferric Phosphate) by M/s Kan Biosys Pvt. Ltd.
10.25	**Follow up action on agenda item no. 10.79 of 467th RC meeting regarding clarification required for the application submitted by M/s Om Agro Organics for correction of dose in label and leaflet of an endorsement application of *Bacillius thuringiensis* var israelensis 5% AS.**
	RC deliberated the agenda in detail and decided that the reply submitted by the Vector Control Research Centre is not satisfactory. Further, RC directed the Secretary CIB&RC to seek the detailed clarifications along with relevant data for further necessary action in this regard.
10.26	**Clarification required for the application submitted by M/s Bayer Crop Science Ltd for the registration of Deltamethrin 62.50% SC.**
	RC deliberated the agenda in details and observed that the applicant has not submitted the data as per the guidelines for the registration of Deltamethrin 62.50% SC under public health program. Thus, the RC decided to close the application.
10.27	**Consideration of an application of M/s Bayer Crop Science Ltd for RTT permission to import of Coded Product (BCS-DS63355 SC 25).**
	RC deliberated the agenda and approved the import of sample quantity (29 L) of BCS-DS63355 SC 25 to M/s Bayer Crop Science Ltd., for RTT purposes.
10.28	**Consideration of an application of M/s Bayer Crop Science Ltd for RTT permission to import of Coded Products (BCS-DS55542 SC 25).**
	RC deliberated the agenda and approved the import of sample quantity (29 L) of BCS-DS55542 SC 25 to M/s Bayer Crop Science Ltd., for RTT purposes.
10.29	**Request for permission / No Objection Certificate for Import of Certified reference Materials for Food safety testing under the Insecticide Act.**
	RC has already discussed this issue in its various meeting and reiterated that there shall be no restriction on import/export of CRM of pesticides to be used by the pesticides testing laboratories.
10.30	**Clarification required for the issues related to issuance of certificate of registration for the limited number of crop for which MRL has been established by FSSAI, as opposed to all the crops approved by the RC for the applicant.**

	RC deliberated the agenda in detail and decided to issue certificate of registration to the crops for which the maximum residue limit (MRL) has been fixed by the Scientific Panel on Pesticide Residue (SPPR), FSSAI and later the corrigendum / addendum may be issued through the Comprehensive Registration of Pesticide (CROP) portal for the remaining crop after fixing the MRL.
10.31	**Consideration of an application of M/s Bharat Certis Agri Sciences Ltd. For RTT (BCH-2405) purpose for generation of In-house R&D trails and data generation on different parameters like bio-efficacy.**
	RC deliberated the agenda and approved the import of sample quantity (20 Kg) of coded product BCH-2405to M/s Bharat Certis Agri Sciences Ltd for RTT purpose.
10.32	**List of 9(3) application which are pending due to MRL Fixation.**
	RC Noted.
10.33	**List of 9(3) application for closure.**
	RC deliberated the agenda and approved the withdrawal of application 300467-F/9(3)2022 (ISK Biosciences India Pvt. Ltd.) due to applicant request for withdrawal and closure of application 300097-FI/9(3)2022 (Sharda Cropchem Ltd.) and 437002-TI/9(3)2023 (Willowood Chemicals Ltd.) due to non-submission of deficiency reply in prescribed time limit.
10.34	**Submission of list of applications where Free sale Certificates were grated ex-post facto as submitted during 469th RC**
	RC approved the publication of list of cases as approved in the 469th RC as per the **Annexure-10.34.1**
10.35	**Exploration of additional Facilities for DNA Fingerprinting of Biopesticide Sample to address pendency of applications.**
	RC deliberated the agenda in detail and decided to seek the information related to the infrastructure/facility available for the conducting DNA finger printing studies on biopesticides and proposed cost for DNA bar coding analysis of each sample from ICAR-NBAIR, Bangaluru and the same may be placed in the upcoming RC meeting for further necessary action. This is prompted by the pendency of biopesticides applications due to non-availability of DNA finger printing report from single institute designated for the purpose at present.
10.36	**Consideration of application received for Free Sale Certificate Category for Ex-Post Facto Approval.**
	RC approved the cases as per the **Annexure-10.36.1**
10.37	**Applications for Import Permit of Dual Use Insecticides.**
	RC approved the cases as per the **Annexure-10.37.1**
10.38	**Confirmation of minutes of 468th RC meeting (Annexure – 10.45.1, A: application for import permit of dual use Insecticides.**
	RC approved the following correction in minutes of 468th RC: Annexure – 10.45.1, A: Applications for Import Permit of Dual Use Insecticides,

	Sl. No. 9 Application No. IM-1543 M/s SPECTRUM DYES AND CHEMICALS PRIVATE LIMITED **In place of** Approved 100 MT of **Copper Cyanide** subjected to on-site verification for stock and consumption and end use of **Copper Cyanide** as claimed for use in CYANATION step during the synthesis of intermediates for Disperse dyes to be done by a team of Officers. Geo-tagging of premises where **Copper Cyanide** is intended to be stored as submitted in Form I to be done. **To be read as** Approved 100 MT of **Sodium Cyanide** subjected to on-site verification for stock and consumption and end use of **Sodium Cyanide** as claimed for use in CYANATION step during the synthesis of intermediates for Disperse dyes to be done by a team of Officers. Geo-tagging of premises where **Sodium Cyanide** is intended to be stored as submitted in Form I to be done.
10.39	**Communication received from the ministry of Agriculture of Chad, Republic of Chad, forwarded by the Embassy of the Republic of Chad in India regarding Banning the importation, distribution and use of Methyl Bromide in Chad.**
	RC deliberated the agenda and noted the communication received from the Ministry of Agriculture of Chad, Republic of Chad, forwarded by the Embassy of the Republic of Chad in India regarding Banning the importation, distribution and use of Methyl Bromide in Chad and directed the Secretariat of CIB&RC to issue a public notice for compliance by all registrants of Methyl Bromide.
10.40	**The follow up in minutes of meeting of 469th RC vide agenda item no 6.20 RC may confirm the same with some modification/ correction.**
	RC deliberated the agenda and rejected the case as DNA fingerprinting report received from NBAIM, Mau did not mention the strain number and accession number. of the biopesticide, which was inadvertently approved in 469th RC meeting.
10.41	**Submission of fake document/test report by M/s Sunshine fine Chemsol (I) Pvt Ltd. Follow up of agenda item no 10.6 of 468th RC decision held on 12.01.2026.**
	RC perused the agenda and observed that the applicant has submitted a response to the show cause notice issued to the applicant on the issue of submitting fake /forged report as recorded by the RC in its decision taken in its 468th meeting at agenda item no 10.6. RC also perused the response dated 23.01.2026 submitted by the applicant wherein it is *inter-alia* submitted about the ignorance of the submission of the captioned forged report. RC observed that the issue pertains to the forgery of documents and obtaining a CR which is a valuable security on the basis of fake documents/report which is an extremely serious issue and *tanta-mounts* to suppression of truth and expression of falsehood which is *prima-facie* seen and is writ large in the present matter. RC is also of the view that mere ignorance can't be accepted on its face value unless supported by some clinching evidence which is not found to be enclosed by the applicant with their response. RC also notes that the applicant vide communication dated 23.02.2026 had requested to grant them an opportunity to present their matter before taking any decision. RC is also of the view that secretariat of CIB&RC to also seek factual status in terms of the response submitted from the then concerned toxicology expert who had dealt with the matter. RC is of the further view that in the interest of justice and transparency the applicant may be called a presentation in the next RC meeting.
10.42	**List of Registration Certificates which have been surrendered by the companies/ Firms w.e.f 23.08.2025 to 16.03.2026.**

	RC Noted.
10.43	**Consideration of an application of M/s Syngenta India Pvt. Ltd. For the registration of S-Metolachlor Technical 96 % min. for TI u/s 9(3).**
	RC deliberated the agenda and noted concerns regarding the use of test material with variable predominately lower purity and the non-submission of a combined chronic toxicity–carcinogenicity study in rats. Although the applicant has submitted bridging statement rationale on combined carcinogenicity and chronic toxicity, the two-year chronic oral toxicity and oncogenicity study in rats reports a significant increase in eosinophilic foci of cellular alteration and hepatocellular adenoma at the highest dose. In view of this, the Committee decided that the applicant be called to make a detailed presentation before the RC in the next meeting to justify the adequacy of the submitted toxicological data.
10.44	**Follow up of order in appeal no 01 of 2024 filed u/s 10 of the Insecticide Act, 1968 filed by M/s Kansai Narolac Paints Ltd., regarding revival of application of permethrin 0.94% w/w put up to RC in its 462th meeting vide agenda item no. 10.7& 10.40.**
	RC deliberated the agenda in detail and directed the Secretary CIB&RC to submit the factual details from all the angle in the upcoming RC meeting
10.45	**Follow up action on agenda item no. 10.28 of 442nd RC meeting regarding "requesting approval on trial protocol to evaluate the bio-eficacy of the phosphorous 5% gel bait against common house mouse.**
	RC deliberated the agenda in detail and noted the reply submitted by the applicant on trial protocol to evaluate the bio-efficacy of the phosphorous 5% gel bait against common house mouse. Further, RC directed the Secretariat of CIB&RC to forward the reply to the Network Coordinator, All India Network Project on Vertebrate Pest Management and seek the comments and suggestions for further necessary action.
10.46	**Consideration of request for permission / No Objection Certificate for import of Certified reference Materials for Food safety testing under the Insecticide.**
	Merged with agenda item no. 10.29
10.47	**Agenda for closure of 9(4) TIM applications/files for which applicant has not submitted the reply to CIL and CIB&RC.**
	RC deliberated the agenda and approved as per **Annexure-10.47.1**
10.48	**List of 9(3) application for closure.**
	RC deliberated the agenda and approved the closure of application 344986-F/9(3)2022 (Best Crop Science Pvt. Ltd) due to non-submission of deficiency reply in prescribed time limit.
10.49	**Consideration of closure of application received under Endorsement category where Deficiency reply is awaited for more than three months.**
	RC deliberated the agenda and approved as per **Annexure-10.49.1**
10.50	**Follow up action of minutes of the Senior Officers meeting held on 09.03.2026 under the chairmanship of Secretary, DA&FW.**

	For bio-pesticide, revised guidelines to be finalized by first week of April, 2026. The time period and procedure for registration of pesticides licensing process should be rationalized & reformed for ease of doing business.	Registration Committee (RC) has already simplified the guidelines for bio-pesticides. Provisional registration is granted under Section 9(3B) of the Insecticides Act, 1968 with permission for commercialization for two years, extendable for generating required data for regular registration under Section 9(3). Further, where a bio-pesticide strain is already registered in the country, no fresh data is required from new applicants, except confirmation of molecular identity from ICAR-NBAIM, Maunath Bhanjan (UP), and quality testing from the Central Insecticide Laboratory (CIL). The matter was deliberated during the 470th RC Meeting held on 23.03.2026. RC has observed that a significant bottleneck exists at the ICAR-NBAIM, Mau, specifically concerning the mandatory 1600s RNA molecular identification and DNA sequencing required for biopesticides (microbial). To address this and rationalize the registration procedure, the RC has proposed exploring additional institutes, such as ICAR-NBAIR in Bengaluru, which possess the necessary facilities for such identifications. By enabling the submission of samples to two institutes instead of one, the RC aims to significantly reduce the current pendency and streamline the registration process. A communication may be sent to the ICAR-NBAIR, Bengaluru to know their capabilities in the matter. Further, Sectt. Of CIB&RC has already issued strict instructions to all technical experts to complete the scrutiny of all files that have been pending for more than 18 months. These files are currently being scrutinized at an accelerated pace by all experts to ensure that the backlog is cleared within the stipulated time period.
10.51	**Reopen of the files bearing CSN : 174688 and CSN : 113069**	
	RC deliberate the agenda and approved to reopen the file of M/s Agro Life Science Corporation applied for the product Indoxacarb 9% (w/w) + Emamectin Benzoate 1% SC u/s 9(3) FIM bearing CSN: 174688 and approved M/s Crystal Crop Protection Ltd applied for the product Pyridaben u/s 9(3) TIM (TIM vs FI) bearing CSN:113069.	
10.52	**Correction in Agenda item no 7.68 of 469th RC.**	
	RC deliberated the agenda and decided that applicant has to submit required toxicity data as per guidelines approved by the Registration Committee.	
10.53	**Consideration for Closure request of application of M/S Agriland Biotech Limited from toxicology angle (Application No. 99411, category U/S (3b)-B/F), *Verticillium chlamydosporium* (*Pochonia chlamydosporia*) 1.0% WP.**	
	RC deliberated the agenda and approved for closure.	
10.54	**Comments/ suggestion on Agenda Item No 10.25 of the 469th RC meeting dated 10.02.2026 – Request for reconsideration of points 2,3 and 6-9.**	

	The agenda was perused and merged with agenda item No. 3.1.
10.55	**Consideration of an application of M/s Coromandel International Ltd., for grant of registration of Bispyribac Sodium 2% + Penoxsulam 2% + 2,4-d Sodium salt 50 WP u/s 9(3) FIM.**
	The Committee deliberated the matter and decided that the applicant shall submit the required data as per the current applicable guidelines to facilitate assessment of the formulation with respect to its toxicity vis-à-vis its constituent technical grade active ingredient. The application shall be considered after submission and evaluation of the data.
11.0	**<u>Any Other item</u>**
11.1	**Consideration of an application of M/s BASF India Ltd for the registration of Alphacypermethrin 30g/l+ Flufenoxuron 30 g/l SC formulation for Import for household u/s 9(3).**
	RC was apprised that the product is intended to be registered for effective control of Bed Bugs, Houseflies, and Cockroaches across a wide range of indoor environments. Its recommended areas of application include office buildings, commercial kitchens, hospitals, schools, hotels, and various other household and public spaces where insect infestations may pose hygiene, safety, or comfort concerns. Applicant has not submitted the health monitoring study which is the requirement for registration of pesticides for household purpose. Justification for exemption submitted by the applicant is not considered scientifically valid. Moreover, conduct of health monitoring study is a long-drawn process which involves the protocol submission by the applicant, approval by registration committee and conduct of the study adhering to the protocol/guidelines. In view of the above, the application stands closed for now and applicant may reapply with the health monitoring study. The data/scrutiny comments of the closed/revived file will be taken into account with the subsequent file.

Meeting ended with vote of thanks to the chair.

Annexure-3.1.I

Guidelines for registration of pesticides for Technical Import from New Source (TI-New Source) v/s against the molecule registered under FIM-WRT, FI-WRT and TI U/S 9(3).

S. No.	Parameter	Requirement
1	**2**	**3**
A.	**Chemistry**	
1.	Name of source of supply of Technical	R
a.	Office address of the Source of Manufacturer with documentary evidence with geo tagging details.	R
b.	Manufacturing/factory address of the Manufacturer with documentary evidence with geo tagging details.	R
c.	Copy of registration certificate in the exporting country (Where technical is not granted regn. Proof of registered chemical composition is required)*	R
d.	Documentary evidence of manufacturing address to prove that the manufacturing address belongs to the manufacturer with geo tagging details.	R
e.	Copy of manufacturing license of the manufacturer, (In case license of manufacturing of technical is not issued in the exporting country then a notification from the exporting country that the manufacturing license is not issued to the manufacturer in the country as per law).	R
2.	Detailed Chemical Composition	R
a.	Chemical Identity & Physico - Chemical Properties of technical (Molecule).	R
b.	Physico - Chemical Properties of all adjuvants	R
c.	IUPAC name, CAS name & CAS no of Raw materials/adjuvants.	R
d.	Technical Bulletin of the product.	R
3.	Specification of the product in BIS format.	R
a.	Method of Analysis of active ingredients, impurities and adjuvants separately.	R
b.	Analytical Test Report	R
c.	Identification & Quantification of identifiable Impurities from GLP lab (Current 5 Batch)	R

4.	Shelf-life claim	R
5.	Shelf-life Data from GLP lab	R
6.	Establishment of Chemical Equivalence	NR
7.	Process of Manufacture in details	R
7.1	Information about Raw Materials Used & their Source of Supply	R
7.2	Step-wise Manufacturing Process, conditions etc.	R
7.3	Route of formation of impurities, chemical reaction and flow chart diagram.	R
7.4	IUPAC name, CAS name, CAS no., chemical structure, molecular weight of known/detected Impurities.	R
7.5	Manufacturing Chemical Equation in detailed with molecular balancing.	R
7.6	Chemical Formula of all raw material, stepwise products formed etc. with molecular mass and recovery of resultant.	R
7.7	Detailed flow sheet diagram of process of manufacture with conditions such as temp. duration etc.	R
7.8	Effluent Treatment method	R
8.	Documents such as registration certificate / Certificate of DNA giving detailed CC, Manufacturing license or any other approval under any Govt. regulation will be acceptable to support that manufacturer is actual producer.	R
9.	Certificate from manufacturer that the supplier is an authorized supplier of the manufacturer, wherever applicable.	R
10.	A test report about the quality of the product from a laboratory as per GLP scheme. This requirement will be provided along with first consignment. Thereafter, each consignment should have proper analytical test report of the manufacturer from GLP lab.	R
11.	The applicant should provide sample through drawl of sample along-with standards sample from the principals/ authorized supplier for competency & chemical verification. In case of technical grade pesticides u/s 9(3), samples of std. impurities are also to be provided for chemical verification. An undertaking is also to be submitted by the importer for readiness for drawl of in-process sample from the manufacturer.	R

12.	Methodology for residue estimation as per BIS format.	R
B.	**Bioefficacy**	
13.	Bio-effectiveness*	R (2 seasons data on each crop mentioned in labels / leaflets at least at 2 climatic zones)
14.	Phytotoxicity*	
15.	Effect on parasites & predators	NR
16.	Translocation in plants	NR
17.	Metabolism in soil	NR
18.	Metabolism in water	NR
19.	Metabolism in plant	NR
20.	Persistence in soil	NR
21.	Persistence in water	NR
22.	Persistence in plant	NR
23.	Compatibility with other chemicals, if claimed	NR
24.	Residues in plant	R (on representative crop of each group on which pesticide is approved, data for 2 years / seasons from one location for herbicides and (repeatedly used fungicides /insecticides at same location). For insecticides and fungicides data for one season from two agro climatic

		locations.

Annexure-3.2.1

Decision of the RC on the issues decided in the 12th "Open house Meeting" (OHM) held on 16.01.2026:

A. No.	Agenda detail	Discussion and decision of the meeting	Decision of RC
1.	New guidelines on TI New source under 9(3) TIM vs TI & FI-WRT & FIM-WRT-Bio-efficacy data on all registered crops.	During the meeting, it was conveyed that the Secretariat of CIB&RC has received the representations and suggestions from the association of pesticide industry regarding the guidelines approved by the Registration Committee in its 467th RC meeting, as well as for other guidelines and the same was placed in 468th RC meeting held on 12th January 2026. The Registration Committee has examined and discussed the guidelines in details and approved the revised guidelines. The details may be checked at agenda item no. 1.1 of 468th RC meeting.	The RC after detailed discussion decided that some objection raised is not tenable. However, some of the objections have been accepted and revised guidelines are attached as Annexure-3.2.1.
2.	Problems related to KYC, merging of account and cancellation of CRs/manufacturing license	Members of all associations expressed their concerns and problems faced by the industries due to failure in taking timely corrective measures and leniency shown by the industries in completion of Know Your Company (KYC) requirements consequently difficulties faced with the state government especially in the stop sale, Notices for cancellation of manufacturing license and other issues related to the manufacturing of pesticides. In this context, the Chairman, Registration Committee articulated the importance of KYC, especially One Applicant-One Account on Comprehensive Registration Of Pesticides	The RC has already decided to give a chance to take corrective measures by the Stake Holders in 468th Meeting, hence the issue resolved.

		(CROP) portal to prevent the duplication of entries by the same applicant and to ensure the accuracy of the information which would be highly helpful in resolving issues with the state government, enhancing the transparency and minimizing the duplicity while extracting the information on a click. All the pesticide association were asked to get their account KYC compliant and maintain a single account only with accurate information. The Secretary CIB&RC informed that the issue was already discussed in the 468th registration committee meeting held on 12th January 2026 and the minutes of the meeting approved. The decision can be seen at agenda item No. 10.58.	
3.	Dual purpose products	The associations demanded that the provisions/ arrangements could be made for the import of dual-use purpose products with hassle free process under "Ease of Doing Business". The Secretary informed the house that draft rule has already been published and all pesticide industries are encouraged to provide their feedback and suggestions on the draft rule and then the same will be placed in to the RC for any further necessary action.	The stakeholders may represent and submit the comments to the Authorities in DA&FW for amending/incorporation in draft Rules to the IR, 1971.
4.	Guidelines for the combination of biopesticides	The discussion involved the requirement of guidelines for the combination of biopesticides for the registration of biopesticides and availability of checklist alongwith data requirement for the registration of botanical insecticides for the control of insect pests. In	The RC agreed to the decision taken in the Open House Meeting, which is in consonance of already approved guidelines.

		addition, it is also requested to give importance to the registration of biopesticides. In this regard, it was informed that the guidelines on consortium of biopesticides and data requirement/checklist of botanicals are already approved by the registration committee and details are available in the public domain. In addition, it was also informed that the registration of biopesticides is prioritized and RC has approved simplified guidelines to encourage the faster registration of biopesticides.	
5.	Issue on customs related issues for imports during the process of effecting change in name of import source / entity in the Registration Certificate. Delay in the correction of anomalies in the registration certificate.	In discussion, it was informed that the source name changes and validity extension of the certificate takes more time and cause significant delay in the process of import. In this context, it was informed that the Swift 2.0 is under process and all the issues related to the source name changes, revalidation and others will be resolved digitally.	The RC agreed to the decision taken in the Open House Meeting,
6.	Stopping of registration under TI vs TIM category as guidelines stand withdrawn	In this context, it was informed that the guidelines for TI vs TIM category have already been withdrawn; however, in accordance with the directives of the Hon'ble High Court and Appellate Authority, the specific applications are currently under examination. If the association observe any additional new	RC decided to agree to the decision of Open House Meeting.

		application under this category that may be brought to the notice of the authorities.	
7.	Request for grant of priority in pre-registration verification (PRV) at the Central Insecticide Laboratory (CIL) on new molecule applied u/s 9(3) TIM first time to the country	It was conveyed that the associations or the applicants of new molecules may submit a letter to the Director, Central Insecticide Laboratory (CIL), DPPQS for consideration of priority in pre-registration verification for the new molecules applied u/s 9(3) TIM first time communicating the decision of the RC so that the decision can be considered and implemented in the CIL after due approval process from the competent authorities.	RC decided to agree to the decision of Open House Meeting and requested PPA being HOD to get implement the priority granted by the RC for analysis in CIL. According a communication shall be sent to PPA from the Sectt. of CIB&RC.
8.	Establishment of Regional Office of CIB&RC and Regional Pesticides Testing laboratories in southern or Central India, Hyderabad / Bengaluru / Nagpur/ Chennai	In this regard, it was expressed that with the existing technical and logistics facilities, it is not feasible to operate region wise, however, if the industries, is so desirous they can represent to the appropriate authorities in DA&FW for sanctioning and establishing the regional offices.	RC decided to agree to the decision of Open House Meeting.
9.	Inclusion of all factory address of 100% subsidiary company in the CR of principal/parent company.	It was observed that Toll Manufacturing issue has already been discussed by the RC in its various meeting and decided that the Tool Manufacturing may not be approved/implemented. It was also informed that the simplified guidelines exist to facilitates the manufacturers to obtained the CR in respective categories by the manufacturers. It is also informed that this is not possible for	RC decided to agree to the decision of Open House Meeting.

		traceability of pesticides, its data etc. hence it is asked to submit a separate application under respective sections for obtaining the CR. It was further decided the different ownership factories shall not be endorsed to multi/various manufacturers.	
10.	Online submission through CROP portal payment issue.	It was conveyed that the applicants are required to adhere to BharatKosh procedure for online payment and refund. In the event of payment difficulties, these should be brought to the attention of the Senior Administrative Officer, Directorate of Pant Protection, Quarantine & Storage, HQ, NH-4, Faridabad for resolution supporting with appropriate records and application.	RC decided to agree to the decision of Open House Meeting.
11.	Request for issuing the guidance/public notice to the customs for considering tolerance limits of active ingredient in the formulation as per BIS.	It was decided that the public notice shall be issued as per the provision in the Insecticide Act, 1968 and Rule 1971 on the basis of general tolerance limit adopted by BIS while framing specification and the same shall be communicated to the customs for further necessary action after approval of RC.	RC agreed to the decision of Open House Meeting and directed the Secretary, CIB&RC to issue a Public Notice/send a communication to the Customs on the tolerance limit of the Nominal declared value as under (BIS Tolerance): 1. Less than 1% is ±10%. 2. 1% to 9% is +10, -5%, 3. Above 9% and below 50% is ±5%. 50 and above is +5%, -3%.
12.	Concern regarding change of experts during scrutiny	It is a fact that the experts may ask the scientific information/justification from the applicants within the ambit of the guidelines	The RC agreed to the decision taken in the Open House Meeting. The Secretary

	causing re-scrutiny by the assigned expert leading to delay in compliance of file.	and not beyond the scope. Therefore, once again the Chairman emphasized that all the deficiencies must be raised in one go only not on piecemeal approach. It should be avoided to issue new hollow deficiencies once the deficiencies have already been issued. Only those deficiencies shall be raised which are unanswered and arising out of the submission by the applicant. It was also highlighted that the template-based scrutiny may resolve this issue.	(CIBRC) was asked to issue a notice for information and adherence by the Expert.
13.	Liberal and uncontrolled import policy allowing imports of technical and formulation harming Indian Agrochemical manufacturing sector & stop of TI vs TIM category registration	Merged with agenda item no. 6	N/A
14.	Guidelines for twin pack / multi pack of registered pesticides	It was informed that the premix guidelines are already approved by the Registration Committee and the same available in the public domain ppqs.gov.in. The Associations were requested to submit a detailed white paper covering the details such as: existence of such guidelines in the countries globally, essence of the products/guidelines	The RC agreed to the decision taken in the Open House Meeting.

		with detailed information and the same will be examined and considered.	
15.	MRL related issue: All applicants should not be sent to FSSAI. CIB&RC should critically screen applications and only those which require MRL fixation should be sent to FSSAI.	The associations raised concerns related to the fixation of Maximum Residue Limit (MRL) by Food Standard Safety Authority India (FSSAI) and submission and transmission of MRL proforma and related files to FSSAI. To enhance efficiency, a decision was reached to collaborate between CIB&RC and CGG, ensuring data access in the CROP portal for FSSAI. Additionally, it was informed that the fixation of MRL is under the purview of FSSAI and also informed that if active ingredient is higher than the already registered one then the applicant has to submit the proforma and relevant documents and the same shall be forward to FSSAI for fixation of MRL.	The RC agreed to the decision taken in the Open House Meeting.
16.	Crop grouping principles for biopesticides	It was informed that the Crop Grouping principle is mainly for the extrapolation of MRL for member commodities from the representative crops and informed that this cannot be applicable to the biopesticides. The issue has been raised by the Sectt. of CIB&RC with FSSAI and DA&FW to arrive a conclusive and scientific decision as per the climatic conditions existing in the country.	The RC agreed to the decision taken in the Open House Meeting.
17.	Patent related concerns	It was conveyed that the representations received from various association was discussed at appropriate level and the decisions are awaited. In addition, it is also informed that the data protection does not fall under the purview of Insecticide Act, 1968.	The RC agreed to the decision taken in the Open House Meeting.

18.	Export registration issues: Multiple sources of import, club multiple countries for a single formulation under one permit, endorse additional quantity of existing registration if import for export, import for export guidelines for new molecules the requirement of registration certificate in source country should be waived off.	It was agreed that 5 or less than 5 import sources can be added in the CR. The CGG may be asked to make the effective change to facilitate the industry.	The RC agreed to the decision taken in the Open House Meeting.
19.	Data protection: Implementing clear data protection for new biopesticides registered by private companies and public institutions (ICAR/SAUs), including an exclusivity period	It was decided that IPR doesn't fall under the purview of the Insecticides Act, 1968, hence RC cannot be stressed upon the consent letter from the innovator. It was also informed that this issue has already been settled by the RC in its 371st meeting.	The RC agreed to the decision taken in the Open House Meeting.

	to discourage "Me-too" registration and encourages R&D and innovation.		
20.	Import for export decision in 454th RC meeting: (The registration under import for export, u/s. 9(3), shall be granted in the Fast Track Category only)	It was discussed that such kind of certificate can be obtained under general categories as per existing guidelines only. Further, it was assured that RC is trying to issue such certificates within minimum possible time.	The RC agreed to the decision taken in the Open House Meeting.
21.	Many anomalies being detected in 9(3)/9(4) registration certificate viz., typo errors, w.r.t crop; dosage; missing information e.g. packaging and errors in chemical composition and source/supplier/manufacturing name, etc. in the label and leaflets.	The industry raised the issue that sometime various anomalies such as spelling mistakes, crop name, insects name in L/L etc are observed in the CR issued by the Sectt. of CIB&RC. It was requested that this issue can be resolved if, the draft CR is shown to the applicant through the deficiency for 9(3) registrants only as L/L are to created under this section only as this was a routine practice under old software. The Chairman asked the Secretary to explore a provision that allows the availability of DRAFT Registration certificates, especially 9(3) certificates, online. The proposal for a Draft Certificate option was suggested to provide applicants with an editable, review and corrections version of the certificate before its final issuance. This approach is considered a strategic method to	The RC agreed to the decision taken in the Open House Meeting.

		enable thorough examination, allowing applicants to identify and rectify any inadvertent mistakes in the draft certificate. By implementing this initiative, the goal is to minimize errors in the final Registration Certificates, ultimately enhancing the overall accuracy and integrity of the registration process. In this context, the CGG team is directed to enable the provision in CROP Portal after approval of RC.	
22.	IPMS – Pilot, Implementation & Challenges- one more training session needed because still factory, dealer are struggling in understanding the software & data entry process	It is agreed to organize one more meeting and hands on training with all the stakeholders for better understanding of IPMS and that would be helpful to resolve the issues related to implementations	The RC agreed to the decision taken in the Open House Meeting.
23.	Bio-pesticides: Adapting new regulatory frameworks: Indian regulatory framework recognizes registration of live microbes only. By adopting global	In this context, it was informed that the proposed product must be included in the insecticide schedule and invited the comments and draft note from the industries for further deliberation and discussion.	The RC agreed to the decision taken in the Open House Meeting.

	best practices like guideline for metabolite based inactivated biopesticides, India can unlock a safer, more stable, science driven category of biopesticides with increased year shelf life, reduced pathogenicity risks, strong performance consistency, and enormous potential for export		
24.	Harmonization of documents requirement needed for insecticide licensing at state level- *(Exemption of Principal certificate is given through Gazette notification but still state government is*	It is observed that the industries are facing challenges with state department and in this context, it is informed that the implementation of IPMS is currently underway, and once it is fully implemented, all issues will be addressed. It was further decided that the associations/industries are to submit a compilation containing the data/information to the Sectt. of CIB&RC, required by the various State Govt. while granting the license, so that a holistic view can be taken for framing a uniform policy.	The RC agreed to the decision taken in the Open House Meeting.

	asking for Principal certificate. Legal Documents need of states (Aadhar card, PAN card, Affidavit, Photo, Degree certificate, Board of director copy, section 33 quality guarantee etc) can be integrated with IPMS so that paper work can be reduced for both govt. and industry.)		
25.	Request for Implementation of Mandatorily Requirement of submission of "Authorization letter from the inventor of strain or Owner of the strain". For registration of Bio-pesticides under Simplified guidelines for	Agenda was discussed and merged with agenda item No. 19.	N/A

	already registered strain of Bio-pesticides approved vide CIB-RC Meeting No. 371, Agenda item no. 3,4. held on 16.121.2016 and CIB-RC meeting no. 449.		
26.	QR code – Challenges in Implementation on Aerosol product due to round curvature and on small packs where online QR coding cannot be done. Clarification from CIB needed whether stickering of QR can be done on curved /small products?	It is informed that the stickering of QR code is permitted and the QR code may be fixed on cap of the container of the aerosol product.	The RC agreed to the decision taken in the Open House Meeting.
27.	Reduction of GST on Household Insecticide to 5% slab is requested similar to Products	It is informed that the GST does not fall under the purview of Insecticide Act, 1968 and Rule 1971.	The RC agreed to the decision taken in the Open House Meeting.

	on lines of Bio–pesticide- 5% Slab.		
28.	Regulation on Provisions of "MARKETED BY". Indiscriminate use by the traders/ wholesale dealers.	In this context, it was informed that there is no provision of "Marketed by" in the Insecticide Act, 1968 and Rule 1971. It was further informed that any such case brought to the notice of the Secretariat will be dealt sternly.	RC discussed the issue and observed that the same issue has already been discussed various meetings such 395th Meeting held on 20.11.2028 vide agenda item No. 3.2 & 461st meeting held on 28.01.2025 vide agenda item No. 10.5. Therefore, RC reiterates its earlier decision taken in 395th & 461st meetings.
29.	Mandatory Licensing for Commercial Sales.	It was informed that no pesticides can be sold/commercialized without the registration of the products from the under the Insecticides Act, 1968 and license from the respective State Government.	The RC agreed to the decision taken in the Open House Meeting.
30.	National Notification for Awareness & Uniform Compliance: Issuance of a joint national notification by CIB&RC and State Agriculture Departments, Circulation to: Farmer Producer	In this context, it was conveyed that the Directorate of Plant Protection Quarantine and Storage (DPPQS) through their regional Centre for Integrated Pest Management (RCIPM) regularly organizes training and workshops on safe and judicious use of pesticides and other pesticides related matters. The Associations wee invited to join the efforts to aware the farmers and other user of the pesticides.	The RC agreed to the decision taken in the Open House Meeting. A communication may be sent to the PPA for organizing training and workshops on safe and judicious use of pesticides and other pesticides related matters. through their CIPMCs, RCIPMCs, RPQSs, PQSs, LWOs etc.

	Companies (FPCs), State Agricultural Universities (SAUs), Central Agricultural Universities (CAUs), Cooperatives, Private manufacturers and distributors.		
31.	Simplification of Bio-efficacy Data Requirements for Botanicals: ➢ Reduction in bio-efficacy trial requirements for regional and minor-use botanical products: From three locations to two locations. ➢ Introduction of a fast-track approval mechanism for: Low-risk	It was informed that the simplified guidelines are in existence to facilitates the easy & speedy registration of biopesticides and botanical pesticides. India is a vast country and different climate exist, hence for supply of pan India, data generation in various climate zone is required.	The RC agreed to the decision taken in the Open House Meeting.

	botanical formulations ➢ Biochemical products with established safety profiles		
32.	Reduction in fees for 9(4) FIM application costs ₹25,000. This burden is particularly heavy for MSMEs.	It was informed that as per the discussion with the stakeholders and directions from the competent authority, the registration fees were fixed. Further, to supply the quality pesticides to the farmers, the fly-by-night operators and manufacturers should be scrutinized and only genuine players should come forward under 9(4) system.	The RC agreed to the decision taken in the Open House Meeting.

Annexure-10.12.1

Two methods of analysis for the determination of Nitroso-pendimethalin content in Pendimethalin technical is used as by HPLC & LC-MS:

A. High Performance Liquid Chromatograph Method

1. **Principle:** Nitroso-pendimethalin content in Pendimethalin technical is determined by using external standard method on high performance liquid chromatograph with UV detector and integrator I software at 235 nm.
2. **Reagents:**
   - **2.1.** Acetonitrile (HPLC grade)
   - **2.2.** Water (HPLC grade)
   - **2.3.** Nitroso pendimethalin standard of known purity
3. **Apparatus:**
   - **3.1. High Performance Liquid Chromatograph:** A high-performance liquid chromatograph equipped with UV detector is operated under the following suggested parameters. These parameters may be varied as per available facilities, provided standardization is done.
   - **3.2. HPLC conditions:**

1. Column	Inertsil ODS-3 (250 x 4.6) mm 5µm
2. Mobile Phase	
a. Acetonitrile	60 parts
b. Water	40 parts
3. Flow	1.5 ml/min
4. UV-Wavelength	235 nm
5. Injection volume	10 µl
6. Column temperature	30^0C
7. Run time	120min

4. Procedure:

4.1. Preparation of Nitroso-pendimethalin standard: Weigh In accurately about (to the nearest 0.1 mg) about 25mg of Nitroso-pendimethalin standard into 100ml volumetric flask and dilute to the mark with acetonitrile. This is 250ppm Nitroso-pendirnethalin stock solution-A Pipette out 1 ml of stock solution A in another 25 ml Volumetric flask and dilute to the mark with Acetonitrile. This is 10ppm s stock solution B. Pipette out 1 ml of stock solution B in another 10ml volumetric flask and dilute to the mark with Acetonitrile. This is 1 ppm Standard Nitroso-pendimethalin solution.

4.2. Preparation of Pendimethalin sample solution: Weigh in accurately about (to the nearest 0.1 mg) about 100mg of pendimethalin technical sample in 10 ml volumetric flask. Add about 5ml Acetonitrile. Sonicate the solution for 1 0min. Let the flask cool to the room temperature. Make upto the mark with Acetonitrile.

4.3. Analysis: Inject standard solution of 1ppm Nitroso-pendimethalin using above set of HPLC conditions and determine the area of standard solution. Inject the standard solution till the area of two successive injections comes within ± 1 %. Similarly inject sample under evaluation using above set of HPLC conditions and determine the area of sample. Inject the sample till the area of two successive injections comes within ± 1 %. Compute the result by using the following formula.

5. Retention Time:

Nitroso- pendimethalin - 12.9 min (approx.)

6. Calculation of Nitroso-pendimethalin Content

$$\text{Nitroso-pendimethalin Content: \% by mass} = \frac{A_1 \times M_1 \times P}{A_2 \times M_2}$$

Where,

A_1 -Area of Nitroso-pendimethalin in sample solution

M_1 -Weight of Nitroso-pendimethalin standard (mg)

P -Purity of Nitroso-pendimethalin standard (%)

A_2 -Area of Nitroso-pendimethalin in standard solution

M_2 -Weight of Pendimethalin sample (mg)

B. High Performance Liquid Chromatograph - Mass Spectrometry Method

1. **Principle:** The content of Nitroso-Pendimethalin in Pendimethalin Technical is estimated by High Performance Liquid Chromatography-Mass Spectrometry (HPLC-MS) by Multiple Reaction Monitoring (MRM) Method. This method is particularly used for estimation of Nitroso pendimethalin in very low level of nitroso pendimethalin.
2. Reagents
   - **2.1.** Methanol (HPLC grade)
   - **2.2.** Water (HPLC grade)
   - **2.3.** 10 M Ammonium Acetate (AR grade)
   - **2.4.** Nitroso-Pendimethalin working standard of known purity
   - **2.5.** Dichloromethane (AR grade)
3. **Apparatus**
   - **3.1.** High Performance Liquid Chromatograph-Mass Spectrometry: HPLC equipped with mass detector is operated under the following suggested parameters. These parameters may be varied as per available facilities, provided standardization is done.
   - **3.2.** Instrument make: High Performance Liquid Chromatograph: Agilent 1100 series
   - **3.3.** Mass Spectrometry: ABSciex 3200 Q trap
   - **3.4.** Software used: Analyst version 1 .4.2 3.3.
4. **HPLC conditions:**

1. Column	ODS3, Inertsil, (150 mm x 4.6 mm, 5 µm)
2. Mobile Phase	10 M Ammonium Acetate: Water: Methanol (5 : 15 : 80); v/v
3. Flow	1.5 ml/min
4. Injection Volume	10 µl
5. Column Temperature	Ambient
6. Run time	30 min
7. Scan type	MRM
8. Polarity	Positive
9. Source Gas Parameters:	

a. Ion source	Turbo spray		
b. Curtain Gas (CUR)	15.0		
c. Collision Gas (CAD)	Medium		
d. Ion Spray Voltage (IS)	4500		
e. Temperature (TEM)	450		
f. Ion Source Gas 1 (GS1)	30		
g. Ion Source Gas 2 (GS2)	40		
h. Interface Heater (ihe)	On		
i. Compound Parameters:			
j. De clustering Potential (DP)	12.0		
k. Entrance Potential (EP)	8.0		
l. Collision Energy (CE)	9.0		
m. Collision Cell Exit Potential (CXP)	5.0		
n. Valve	Switch	A(mass)	B(Vent)
	Time(min)	0.1	5.0
o. Ion monitoring parameters	Q1 mass (amu) parent ion	Q3 mass (amu) fragment ion)	Dwell time (msec)
	311	211	200

5. Procedure

5.1. Preparation of Nitroso-Pendimethalin standard solution: Weigh accurately about 10 mg of Nitroso Pendimethalin reference standard in to a 100 ml volumetric flask. Dissolve and dilute to 100 ml with Dichloromethane. This is an approximately 100 ppm solution. From this solution pipette out 10 ml into a 100 ml volumetric flask and dilute to 100 ml with Dichloromethane. This is an approximately 10 ppm solution. From this solution pipette out 10 ml into 100 ml volumetric flask and dilute to 100 ml

with Dichloromethane. This is an approximately 1 ppm solution. From this solution pipette out 10 ml into 100 ml volumetric flask and dilute to 100 ml with Dichloromethane. This is an approximately 0.1 ppm solution. Use this solution for injection.

5.2. **Preparation of Pendimethalin Technical sample solution:** Weigh accurately about 500 mg of pendimethalin technical in a 25 ml volumetric flask. Add 10 ml dichloromethane. Sonicate the flask for five minutes. Cool the solution and make the volume up to the mark with dichloromethane. Shake well. Use this solution for injection.

5.3. **Analysis:** Inject the above prepared (0.1 ppm) standard solution using above set of HPLC-MS conditions and determine the area count of standard solution. Inject the standard solution till the area count of two successive injections comes within ±1%. Similarly inject sample solution using above set of HPLC-MS conditions and determine the area count of sample. Inject the sample solution till the area count of two successive injections comes within ± 1 %. Compute the result by using the following formula given in Section 7 below.

6. Retention Time: 3 min

7. Calculation of Nitroso-pendimethalin Content

$$\text{Nitroso-pendimethalin Content: \% by mass} = \frac{A_1 \times M_1 \times 10000 \times P}{A_2 \times M_2}$$

Where,

A_1 -Area of Nitroso-pendimethalin in sample solution

M_1 -Concentration of Nitroso Pendimethalin standard (ppm)

P -Purity of Nitroso-pendimethalin standard (%)

A_2 -Area of Nitroso-pendimethalin in standard solution

M_2 -Concentration of Pendimethalin sample (ppm)
