

**Agro Chem  
Federation of India**

# **ANNUAL REPORT**

**2020-2021**

# PRESIDENT'S MESSAGE

Dear Members,

Greetings !!

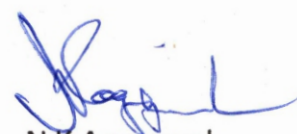

I wish you and your family members to be safe and in good health.

Many thanks for your overwhelming support to me and ACFI, while I have led the organization through an exigent time of pandemic. Not being concerned about the individual interest, ACFI has gradually established itself as a true platform for policy interventions and a vocal flag-waver for the entire Indian Agro Chemical Industry in a transparent and a democratic way.

We have reiterated our commitment for the society as ever, dedicated towards promoting the safe & judicious use of Agro-chemicals & work towards sustainability of Indian Agriculture which helps providing quality agri inputs at affordable prices. These pandemic times have set back our country's economy few steps, however, agriculture is the only sector which has come out as the champion. And we have to thank our farming community and the whole agriculture industry for this fearless achievement.

We also thank all our esteem ACFI members for assisting our association through various policy interventions and our other initiatives such as educating farmers, improving the image of pesticide industry. We liaison with the Central & State Governments for the issues which has direct or unintended impact on the Agro Chemical stake holders.

We hope to maintain the same relation and take ACFI to a higher level in the days ahead.

N K Aggarwal,  
President ACFI

# CHAIRMAN- TECHNICAL AND REGULATORY COMMITTEE'S MESSAGE

Dear All,

We are all aware that agrochemical industry, due to inherent nature of the products, is a highly regulated industry world-wide and under Insecticides Act, 1968 in India. It is, therefore, pertinent that Department of Agriculture & Farmers Welfare, Government of India, Central Insecticides Board & Registration Committee (CIB&RC), State Agriculture Departments and other allied Central and State Ministries and Departments are coming up with various policy related matters, gazette notifications, framing new guidelines, public notices etc. to address the ever evolving issues and also for improvements, which may have both positive and negative impact on our industry.

In order to discuss the aforementioned matters, Technical & Regulatory Committee of ACFI consisting of Regulatory Experts from different member companies is meeting regularly to discuss and debate all the matters on hand so that a pragmatic approach can be taken by the federation for the benefit of all the members and other stakeholders.

Seven meetings of the Committee have been organized in the current tenure and I am happy to inform all the members that we have been successful in discussing all the technical and regulatory matters that have come up before the Committee during the period and have submitted our comments / representations to the various authorities for their consideration after thorough deliberations.

We have been engaging with other associations like Croplife India, HICA, FICCI, PHDCCI, ASSOCHAM, CII etc. on various industry matters to have a common ground so that the industry voice is more impactful before the authorities.

We are part of the taskforces on 3D-Regulatory Reforms, Pesticide Management Bill, Glyphosate, Basmati Rice etc. and are active participating in them for meaningful decision making.

I am confident that the Committee will be very effectively discussing the upcoming matters in future also for the cohesive decision making for the betterment of all stakeholders.

With best wishes to everyone

Jitendra Mohan

Chairman – Technical & Regulatory Committee

# DIRECTOR GENERAL'S MESSAGE

Agro Chem Federation of India (ACFI) welcomes all our esteem members for supporting ACFI secretariat in working towards the betterment of the whole Agro Chemicals industry and Agriculture fraternity.

We have kept ourselves engaged with Academic Institutions, Farmer Associations, Associated Government & Non-Government Departments, to achieve Sustainability in Agriculture for the over-all benefit of the Agro-based Industry.

ACFI has been actively working towards the advancement of Agriculture sector, keeping up with the Government policy interventions, Registration Committee meetings, etc. For the year 2020-2021, the Secretariat has liaise with the Government to represent the Industries point of view on various policy matters such as Pesticide Management Bill, Proposed Ban on 27 Pesticides, Restricted use of Glyphosate, Reform in CIB&RC etc.

On behalf of ACFI Secretariat, we would like to extend our regards to all our Members for their heartily support. We are delighted to work closely with you all and hope to have your continued support and guidance as ever.

Dr. Kaylan Goswami,  
Director General, ACFI

# ABOUT ACFI

Agro Chem Federation of India (ACFI) is a 'Non-Profit Organization' registered under the Society Registration Act, effective June 6, 2017. We are an industry body representing manufacturers/importers of technical and formulation of pesticides at PAN India Level

We have partnered with many Academic Institutions, Farmer Associations, Associated Government & Non-Government Organizations, etc.

We work in the interest of Farmers by educating them about Plant Protection Chemicals (Pesticides) for higher yields and better quality of agricultural produce of various crops, involving right dose, timely and appropriate application methodology and use of PPEs.

## **OUR OBJECTIVE:**

- To work as an Interface between Government, Industry & farming community on the Policy matters for the betterment of the Indian Farming Sector.
- Harmonization in matters pertaining to relevant legislation and policies framed for the benefit of the overall Agro-based Industry including the agrochemical, fertilizer, seed, biopesticide, farm mechanization and other related sectors.
- To highlight the concerns raised by the Indian Industry with respect to manufacturing, import & export of Plant Protection Chemicals.
- Working towards the sustainability of Indian Agriculture and helping farmers to provide them with quality Agri-Inputs at affordable prices.
- ACFI Member Companies are committed to promote new technologies, practices and products which are eco-friendly and safe to public health.

- The 3<sup>rd</sup> Annual General meeting of ACFI was held on October 3, 2020 through an online (Zoom Meetings). List of attendees is in Annexure I. The discussions and decisions taken by the members are mentioned below:
- Shri NK Aggarwal, President, ACFI began with offering his deepest condolences and requested everyone to stay silent for a minute in the memory and honour of deceased Smt. Abhilasha Aggarwal, Mother of Shri Sanjay Aggarwal, MD, Indogulf Crop Science Pvt. Limited. After welcoming all the members, he elaborated on the various challenges which the Industry and Farmers are facing.
- Confirmation of the Minutes of the 2<sup>nd</sup> Annual General Meeting on September 16, 2019 at New Delhi: The Minutes were approved by Shri Keshav Anand with the concurrence of other members.
- ACFI Annual Report Presentation:

Shri Parikshit Mundhra, General Secretary, ACFI presented the annual report and highlighted the achievements of ACFI till now. Further, he mentioned that in past 6 months due to COVID- 19 it has been a bit hard but ACFI still managed to coordinate with various Government Departments, Associations, Industry Members etc. and was able to achieve crucial milestones. Some of the issue like: Fake Consent Letters, Illegal import of pesticides and other illegal activities, Restoration of Kolkata port for import of pesticides on the basis of the writ petition filed by ACFI, Co-Marketing issue and many more.

He brought a light upon the recognition of ACFI by various media house time to time but has managed to avoid any kind of bad publicity.

Pesticide industry is having a wrong perception in the eyes of the public and ACFI is continuously working towards the betterment of that image. He requested to all the members to give more proactive support to achieve further milestones.

- Technical Committee Meeting Report:

Shri Jitendra Mohan, Chairman, Technical committee, ACFI took this opportunity to brief all the members about the various meetings and activities that has been carried out in the FY 2019-2020. Further, he has thanked all the technical committee members of ACFI along with the special invitees. He has briefed all the attendees about the details of various meetings held and on the actions taken by ACFI on the basis of the comments/ suggestions/ inputs of the technical committee members and special invites. He has requested all the members to share their views regularly on various draft representations sent by ACFI secretariat for the suggestions and comments before finalizing it.

- Balance Sheet 2019-20 Presentation:
- Shri Girish Ahuja, General Manager, ACFI presented the Audited Balance Sheet and Statement of Income & Expenditure account as on March 31, 2020, the same has been finalized and placed before the board for their approval and was approved Shri Parikshit Mundhra with the concurrence of other members.

- Appointment of Auditor for year 2020-21:

It was approved by Shri RG Agarwal and supported by everyone that M/s Manoj Ritu & Associates will be appointed as the statutory auditor of the society for the Financial Year 2020-2021.

- ACFI Planner FY 2020-2021:

Shri Girish Ahuja, General Manager, ACFI briefed all the members about the ACFI planner for the coming Financial Year:-

Ø October 2020 onwards: Poster campaigning activity

The rationale behind the poster campaigning activity is to help the farmers to get the genuine product and publicise ACFI. Same will be printed in Gurmukhi and Tamil language to ensure that it will reach to every district and farmers can understand in their respective local language. ACFI will courier the Hindi language poster to all its members for further circulation.

Ø November 2020 onwards: Video campaigning activity

Theme for the video is to educate the farmers about the dos & don'ts of the plant protection medicine (Pesticides) and for the safety of farmers and eco system. Script and direction for the same is ready and the final video will be circulated among the members, across social media platforms and will be sent to various government officials and associations.

Ø December 2020: Webinar on improving the image of the pesticide industry.

Topic for the webinar is "Reforms in the Crop Protection and Agriculture Sector". ACFI requested all its members for their support as the webinar will include the deliberation of senior members, industry players & government officials etc.

Ø Feb- March 2021: Farmer Awareness camp with industry members

With the support of the field force/ trainer/ educator/ scientist of our member companies, ACFI would organise awareness camp on "Good Practices" in selected districts. Depending on the outcome of the awareness camp being conducted, ACFI may include this activity in our ongoing calendar.

Ø April-June 2021: Skill Development Program jointly with Agriculture Skill Council which will be supported by the industry CSR fund.

Agriculture skill council is the nodal skill council organization under Ministry of Agriculture and NSDC (National Skill Development Council). ACFI plans to organise joint skill development program for education and capacity building for the farmers. This program will be sponsored by ACFI members through their CSR funds.

- Amendments in the Society Guidelines (Resolution):

New resolutions proposed by Dr. Kalyan Goswami, Director General, ACFI:

#### Resolution No.1

Composition of Office Bearer Committee, it was proposed that the office bearer will consist of President, Vice President, General Secretary, Jt. Secretary and Treasurer which was accepted by the AGM.

#### Resolution No. 2

Election Process, after the through discussion and comparing various alternative processes, the resolution mentioned below was passed in the AGM.

- President would have tenure of 2 years.
- President would decide on the Office Bearer team with the consent of the Executive Committee.
- Executive Committee composition/ selection/ election can be done by the corporate members having voting rights.
- If there's an occasion or need of voting emerges, votes shall be cast in person at the Annual General Meeting or member can also exercise his vote through proxy.

#### Resolution No. 3

Special Interest Groups, with the acceptance of all other members present it was decided that there shall be the following SIGs on annual basis.

Technical Committee  
Regulatory Committee  
EXIM Committee  
Legal Committee

- Shri RG Agarwal suggested that ACFI should introduce a new committee that will work towards creating a better image of the pesticide industry in the eyes of the public. (Public Relation Committee). Each member company will nominate one person for each committee. Shri Abhijit Bose from Tagros Chemical India Pvt. Limited nominated himself for the EXIM Committee and Shri Rajesh Mathew for the technical committee.
- Formation of New Working Committee

Shri Parikshit Mundhra, General Secretary, ACFI proposed that, keeping pandemic situation in mind preferably there should be no election & selection process for new executive committee this year and we should keep the same working committee till the next AGM. In case anyone would like to be a part of the executive committee should send an e-mail to the executive committee, which they can consider. The same was seconded by Shri RG Agarwal and accepted.

- |                         |  |

# POLICY INTERVENTION

## Proposed Ban on 27 Pesticides

Gazette Notification S.O. 1512(E) and Banning of Insecticides Order, 2020, dated 14th May 2020 issued by Ministry of Agriculture and Farmers Welfare.

Actions taken by ACFI:-

- ACFI has submitted various representations to the Chief Ministers of all the states, State Agriculture Ministers, the Vice Chancellors of all the Agricultural Universities, the State level Associations, Hon'ble Minister of MoA&FW, MOS, Secretary, Commissioner Agriculture & JS (PP).
- ACFI secretariat along with its member companies had a meeting at CIB&RC, Faridabad, and at Krishi Bhawan to defend the important products which are widely used in India and abroad, are economically viable and are safe to be used by the farmers.
- ACFI filled a RTI to the DAC&FW seeking the following:-
  - 1) Copy of all the reports on the basis of which conclusion has been made that the said pesticides are toxic for human being, animals and the environment
  - 2) Copy of Dr. Anupam Verma's committee report
  - 3) Copy of the order dated October 14, 2016 issued by DAC&FW, conveying the approval for implementation of the recommendation of the RC
  - 4) Copy of the report of subcommittee formed in 409 RC meeting and the RC's recommendation on same.
- Dedicated task force was formed to deliberate this issue in length before sending any representation to the department.
- ACFI secretariat has met the DG-ICAR, ADG-ICAR to discuss on this matter.
- Agriculture department has formed an Expert Committee to technically evaluate the proposed banned molecules. They can only start discussions once the Writ in HC gets dissolved/resolved.
- The Expert Committee organized 5 day meeting (6 September, 7 September, 8 September, 13 September & 14 September 2021) with the stakeholders to consider/ hear the objections/ suggestions received in response of the Draft notification.

## Restricted use of Glyphosate through PCO's only

A draft order issued by the Ministry of Agriculture and Farmers Welfare, called "Restriction on Use of Glyphosate Order, 2020", dated 6<sup>th</sup> July, 2020, published in the Gazette of India vide notification dated 7<sup>th</sup> July, 2020", states that the government wants to see that the application of glyphosate and its products being taken up by qualified people such as PCOs for its justified use.

Actions taken by ACFI: -

- ACFI has formed a Task Force on 15.07.2020, with the technical experts from our member companies. We have submitted technical inputs to the Department and urged to review the draft guidelines on Glyphosate.
- ACFI has filled a writ in Hon'ble High Court of Delhi, on 06.07.2020 against the Notification. Based on the Writ Petition, the court has extended the response time from 1 Month to another 2 Months.
- ACFI filled a RTI to the DAC&FW on 17.07.2020, seeking the following: - 1) Copy of the Kerala State Govt. report 2) Copy of all the relevant documents such as minuetts of the meeting/ notes/ intra office memo or any other document pertaining to consultation with registration committee 3) Any scientific data department might have referred to.
- ACFI has sent representation to JS (PP) on 4.08.2020 (ACFI/2020/050), stating the suggestions/ objection on the said notification on behalf of all our members along with the detailed study and legal opinion on Glyphosate.
- In 426<sup>th</sup> RC held on 25.02.2021, the committee has approved the report of the committee and further directed Sectt. of CIB&RC to communicate approved recommendation to the DAC&FW. But no such report is available in public domain for their consideration.
- Based on the above RC decision ACFI has again filled an RTI to the Department of Agriculture and Farmers Welfare, on 22.03.2021, seeking objections/ suggestion received in respect of the Draft Order of Glyphosate; the details of the committee and its report, which is mentioned in the minutes of the 426th RC meeting, and the list of recommendations made to DAC&FW.
- ACFI also has sent an Appeal to JS (PP), on 25.03.2021, suggesting that the matter pertaining to Draft Order of Glyphosate be investigated properly in accordance with the law, and appropriate hearings and presentations are permitted to be made by all the affected parties/ stakeholders, including the concerned associations and the objectors herein.
- In its 427<sup>th</sup> meeting, held on 25.03.2021, RC deliberated the agenda and decided that all 9(3) registrants of Glyphosate formulations and other stake holders may be heard to understand their views regarding proposing restriction on use of Glyphosate through pest control operators.
- Based on ACFI Appeal to JS (PP) under section 11, the department has granted ACFI three hearing and the matter is still subjudice.

## States Banning Glyphosate on Flimsy Grounds

- The State Government of Andhra Pradesh, Telangana, Punjab banned Glyphosate. Under the Section 27 of Insecticide act 1968, the Government is only permitted to ban any product for 2 Months and can be extended for another 30 Days.
- ACFI sought audience with Commissioner Agriculture, Government of Telangana to discuss the same and sent a representation stating our opinion and suggestions on the matter.
- After getting no response from the state of Telangana, ACFI has filled WRIT Petition in the Hon'ble High Court of Hyderabad, seeking stay on the order, which has been granted.

## Checklists for Preliminary Scrutiny for Registration in Various Categories approved in the 421st Meeting of RC

- The new checklists in 421<sup>st</sup> RC meeting have been formed on the basis of the guidelines for registration in various categories and based on the decision taken in 384<sup>th</sup> meeting of the Registration Committee and the matter still sub-judice before the Hon'ble High Court of Delhi.
- ACFI approached the concerned department after identifying the exact study that violates the order. RC deliberated the agenda in its 426<sup>th</sup> Meeting and has approved all suggested amendments.
- The suggestion made by ACFI pertaining to Checklists:

Metabolic Study in Livestock should be exempted for all 9(3) – Technical Import (New Source) registration.

Avian Reproduction Toxicity study should be exempted on the grounds that reproduction and developmental studies in rats are not required for 9(3) – Technical Import (New Source) registrations..

## Pesticide Management Bill 2020

The Draft Pesticide Management Bill (PMB) 2017 was released by the Union Ministry of Agriculture and Farmers Welfare for stakeholder comments on February 19, 2018. Later a new Pesticide Management Bill 2020 was framed and same has now been approved by the Union Cabinet on February 12, 2020 to regulate the manufacture, import, sale, storage, distribution, use, and disposal of pesticides, in order to ensure the availability of safe pesticides and minimize the risk to humans, animals, and environment. This new bill has been tabled in Parliament on March 23, 2020..

Actions taken by ACFI:-

- ACFI represented in the expert meet on PMB on 4<sup>th</sup> February, 2020, held under the chairmanship of Dr. T. Mohapatra, President, NAAS.

- ACFI had a joint meeting with CLI and other stakeholders on April 28, 2020 for making the strategy and discuss the way forward.
- Representations made to policy makers urging to send the 'Pesticide Management Bill (PMB)' to the Select Committee., with reference to the 'National Academy of Agricultural Science (NAAS) Report' & TAAS & SPS Recommendations.
- Now so that PMB is there in the Standing Committee, ACFI has sent various representations to the Standing committee for their consideration.

## Reforms in CIB&RC

The “Department for Promotion of Industry & Internal Trade” (DPIIT) has identified 24 industrial sectors with a view to focus on policies and processes to achieve desired growth and also to make India a hub for global exports. Agrochemicals is among one of the 24 sectors.

CII has given the task to Shri Salil Singhal to chair the task force of representatives from ACFI, CLI, CII, HICA, PHDCCI & FICCI. Shri Jitendra Mohan, Shri KS Thayagrajan and Dr. Kalyan Goswami are representing ACFI.

The task Force has made the joint presentation (ACFI, CLI, CII, HICA, PHDCCI & FICCI) on the behalf of the stakeholders, in the meetings with the Department that were held on 17<sup>th</sup> February, 2021, 24<sup>th</sup> February, 2021 and 3<sup>rd</sup> March 2021.

The Regulatory Reforms for making Agro chemicals champion sector under the concept of 3-D i.e Discuss, Decide & Deliver: -

- Pre-Submission Consultation and Regulatory Templates (Pre-Scrutiny Checklist) for Chem/ Packaging/ Bio/Tox.
- Implementation of 5 - batch report for all import and indigenous manufacturing registrations in accordance with FAO principles.
- Chemical equivalence based on FAO and SANCO procedures.
- Custom manufacturing (Make in India) on know - how technology transfer.
- Confidential business information with respect to chemical composition, manufacturing process and other data.
- Reducing the time frame for bio-efficacy from 2 seasons/here to one season/year with the increase in number of the locations to have an idea of statistical significance of the data generated and submitted by the applicant.
- New reforms/guidelines Like combinations of I & I, I & F, F & F with external surfactants etc.
- MRL fixation simultaneously with approval of registrant application.

- Adoption of data bridging principle for toxicological data.
- Extrapolation of toxicology data across formulations.
- Risk assessment-based toxicology evaluation falling QSAR model.
- Toxicology triangle in alignment with GHS scheme.
- Revamping of infrastructure of CIL and SPTL.
- Outsourcing of data evaluation to fasten Grant of registrations.
- Guidelines for minor changes in formulation 's
- Regulator data protection
- Improvement and standardisation of checklist for minimum data requirement for manufacture of technical grade and formulations.
- Standard checklist across all state for grants in manufacturing licence.

## MRL Issue in Basmati Rice Export

Residue levels beyond permissible MRL of crop protection chemicals in Basmati Rice is a major problem faced by Rice Exporters due to which their export consignments are getting repeatedly by the authorities of the importing countries like USA, Europe etc. Due to this reasons, All India Rice Exporters Association (AIREA) has been constantly pushing various state and central government authorities to ban certain pesticides.

Banning a pesticide, per se, is not a solution for the problems faced by members of AIREA. Residue levels can go beyond permissible due to various reasons. Considering this matter of national importance, PHD Chamber of Commerce & Industry (PHDCCI) is engaging with members of AIREA to bring a practical solution to the problem faced by them.

3 rounds of meetings has been held between PHDCCI, AIREA, ACFI and Croplife India (CLI) to discuss and understand the problem and bring out a workable solution to it. ACFI is Technical Advisor for this initiative.

It has been proposed to conduct field trials jointly by member companies of ACFI / CLI and member of AIREA at selected hot stops in states of Punjab and Haryana based on a proposed package of practice based on the approvals on rice crop given by Central Insecticide Board & Registration Committee for different products. Another consideration has been given for MRL fixed by either Codex / USEPA / EU for these products.

It has also been decided to engage local Agriculture Departments and APEDA so as to bring out a holistic and practicable solution by establishing a new package of practice for use of crop protection chemicals on Basmati Rice. It has also been decided to engage with authorities of USA / EU and other countries where Basmati Rice is being exported through Government of India and Diplomatic Channels so as to sensitize those authorities about the solutions being worked out and also to convince them about residue levels being below MRL in Basmati Rice consignments

exported from India.

Since the season had already stated and considerable time has gone, therefore, it has been decided to carry out to initiate the field trials in next cropping season of Rice in Punjab and Haryana.

# ACFI ACHIEVEMENTS

Minimizing the compliance burden on registration process	Based on the ACFI representation (Supported by joint Industry stakeholders) 427 <sup>th</sup> RC has taken Industry favorable decision.
Glyphosate issue	After long persuasions at minister and officials' level, the RC/ Department has given a patient hearing to the appeal of all 9(3) registrants of Glyphosate formulations.
Label and Leaflet guidelines	Based on the representations made by ACFI, CLI & CCFI and several meetings taken place thereon, a fresh notification along with guidelines is expected soon.
Proposed Ban on 27 Pesticides	Expert Committee has been formed which has heard the plea of the stakeholders.
Accelerated Storage Stability (ASS)	Based on the representation of ACFI & other associations for Grant of Shelf-Life for Two Years based on Accelerated Storage Stability (ASS) Study, the RC has accepted the proposal in its 424 <sup>th</sup> Meeting.
Public Notice on "KNOW YOUR COMPANY "	Based on the ACFI representation regarding same the RC has agreed to all the suggestion given by ACFI in its 424 <sup>th</sup> Meeting.
Checklists for preliminary scrutiny	The Central Insecticides Board & Registration Committee has accepted all the suggestion made by ACFI pertaining to the checklists for preliminary scrutiny for registration in various categories approved in 421 <sup>st</sup> RC Meeting in its 426 <sup>th</sup> RC meeting.
Purity enhancement	RC in its 427 <sup>th</sup> Meeting accepted the clarifications submitted by ACFI and decided that the cases of enhancement of purity upto 10% may be considered for grant of registration
Illegal import	Success on the action against illegal import of pesticides and other unlawful activities (Initial Action has been taken).
Fake Consent Letters	Success on identifying the issue and ACFI has taken up the cases with Department for stringent actions against those involved in the malpractices (FIR to be filed against several miscreant organizations).
Telangana State banning Glyphosate on flimsy grounds	ACFI filled WRTI Petition in Hon'ble High Court of Hyderabad, seeking stay on the order, which has been granted to them.

## October 2020 - September 2021

Agro Chem Federation of India | 24

ACFI/2020/078	05-Nov -20	Secretary (Chemicals & Petrochemicals)	ACFI objections to the proposal of increasing customs duty on formulations only imports as also the recent move by one particular group seeking Restrictions on pesticide formulation only imports

### Ban on weed killer suspended

Justice T Amarnath Goud of Telangana High Court on Thursday suspended the GO 293 issued in May 2021 pertaining to ban of controversial herbicide glyphosate by the Telangana State government. The Agro Chem Federation of India and Crystal Corp. Protection Ltd. filed this writ petition challenging the said GO. The weed killer glyphosate is mostly used in cotton farms. The controversy on its soil pollution and health hazards, including cancers has led to the ban of weed killer in various other countries also.

Senior counsel S Niranjan Reddy representing the petitioners contended that the Agriculture Department does not have the power to impose ban on the use of herbicide under the Insecticides Act. He said, the GO is contrary to 'right to trade and practice' guaranteed under the Constitution of India. Further, he contended that herbicides such as glyphosate are used in the un-season to control the weed. The judge granted interim order suspending the said GO and adjourned the case by 4 weeks directing the Agriculture Department to file its counter.

### Role of MSME's to Make Chemical Industry Aatma Nirbhar

October 10, 2020

Recorded version of ICN e-conference held on 9th October 2020.

Speakers:

Janak Mehta, President, The Dyestuff Manufacturers Association of India  
Dr. Shavak Bhungara, Chairman – Dyes & Dye Intermediate Panel, Chemexcil  
Deepak Ballani, Director General, The All India Plastics Manufacturers' Association  
Dr. Kalyan Goswami, Director General, Agro Chem Federation of India  
Manish Shah, Chairman – Chemicals Committee, Trade Promotion Council of India  
Ullhas Nimkar, CMD, NimkarTek  
Parag Jhaveri, Managing Director, Yasho Industries Ltd  
Pravin Prashant, Editor, Indian Chemical News

## Government should prevent the illegal cultivation of HT Cotton, says ACFI

**As per draft order, Indian Govt has proposed to limit sale of glyphosate herbicide to only those who are involved in pest control operations.**

Brighter Kashmir

Ban on tricyclazole, buprophazine pesticides to adversely affect ...

Agro Chem Federation of India (ACFI), the apex organization of agrochemical companies, has strongly opposed the central government's...

## Business Standard

Centre moves to limit use of controversial herbicide glyphosate

We would suggest the Government rolls back the draft order," N K Aggarwal, President of Agro Chemicals Federation of India (ACFI) told Business Standard.

OrissaPOST

### Farmers to be affected after Tricyclazole and Buprofezin ban ACFI

Bhubaneswar: Agro Chem Federation of India (ACFI), Saturday, claimed that millions of rice cultivating farmers of Odisha will get affected...

He adds, "There is a huge untapped domestic market in India due to low consumption of agrochemicals which also results in the lower yield per hectare production compared to developed countries. Therefore, high time to look at the potential in the domestic market besides exports."

Dr. Goswami said, "PMB 2020, under discussion currently, needs to fix a few issues so as to distinguish itself from the existing Insecticide Act. The transparency and efficiency in the functioning of the registration committee is paramount to the registration of new chemical molecules. However, despite the Standing Commission's recommendation in 2008 on registration of chemical applications to be dealt within one year, it hasn't been reflected in the bill as there

Kalyan Goswami, Director General of Agro Chem Federation of India (ACFI), has felt that the first quarter could be an 'average quarter' for the industry.

 President  
 AGRO CHEM FEDERATION OF INDIA

Since its inception in 2011, Agri Chem Federation of India has played a significant role in the development of Agri Chem industry and has been a leading body for Agri Chem. Through various initiatives and programmes, the Federation has been able to bring the Agri Chem industry closer to the farmers and has been able to provide them with the necessary support and assistance.

To mark the occasion of International Fruit Day, AGFI members have decided to observe the day by distributing fruits to the needy and underprivileged sections of the society.

**We are proud contributors to the growth of fruits**
